Subject: Back on Track potential interviews

Hi Katy.

The college Dean has requested I skew my research in a slightly different direction, so I am in a holding pattern. I would like to know if there is any possibility I could interview a few of the participants. I don't know if it would be inappropriate but I could offer a gift card, pay them for their time, take them to lunch, something to make it worth their while to give me an hour of their time.

Let me know if this is just out of the question or within the realm of possibility.

Thanks.
